

Our premium hotel in La Clusaz offers 3 star facilities and a very high level of service, but perhaps its biggest selling point is the location - making it easy to see why it's so popular.

The hotel is located at the top of the village centre in La Clusaz, set back in a calm and peaceful setting but just a quick walk into the lively, pretty heart

of the village - close to all the shops, bars and restaurants.

Add to this the fact that the hotel is truly ski in /ski out and located right next door to one of the pistes and you can see why we find this hotel perfect for corporate groups looking for a mixture of meeting and ski time.

The hotel has recently been refurbished in a luxurious Savoyard style with plenty of natural stone and ancient wood and benefits from a very sunny aspect making the most of the surrounding natural beauty. This overall quality creates a perfect base for a truly relaxing group weekend where you can make the most of the skiing and winter activities – or simply sit back and relax in the hotel's facilities knowing that you will be very well looked after.

The hotel benefits from a comprehensive leisure suite which includes a large heated swimming pool, sauna and hamman, gym and a Jacuzzi offering superb views out across the village rooftops. This is all reserved for hotel residents only and is open throughout the day, offering a haven of calm and tranquillity in which to ease tired legs from a day of skiing.

For those looking for a treat and pampering, bookings can be made for beauty treatments, facials and massages at their sister hotel just 5 minutes walk away.

The hotel team are very friendly and professional and are used to dealing with corporate and large groups so will take all requests in their stride. They are English speaking and always provide a warm welcome for our groups.

The reception leads on to the large open plan communal area, lounge and bar which is perfect for welcome briefings and drinks receptions – very much forming the heart of the hotel.

Whilst waiting for your colleagues, why not settle into one of the comfy chairs, enjoy the open log-burning fire and enjoy a drink from the cocktail bar?

We can arrange for pre-dinner aperitifs and drinks to be served, and the hotel is flexible enough to deal with individual, group or room billing for all the extras during your stay. Welcome drinks would typically offer a choice of kir, local Savoie wines, soft drinks and a selection of snacks and canapés.

During the warmer periods the hotel boasts a very sunny terrace which can be used for a post-ski drink, as well as providing a sheltered area for any smokers amongst your group. The rest of the hotel is non-smoking throughout.

If your group requires a meeting room or conference facilities then this hotel has a range of solutions suitable from 8 to 150 people. There are a number of smaller executive rooms which can provide smaller meeting or break-out rooms to complement the large meeting and function room.

The varying room sizes offer a good degree of flexibility to suit your requirements and budgets and all audio visual equipment/ office materials can be provided if required. Please ask us for full details and costings.

The hotel is equipped with WIFI throughout and the hotel reception offers a full range of business services (fax, photocopies etc)

The food is always an important part of your ski trip and the hotel restaurant will meet all of your requirements on this front. They can seat and serve even the largest groups and the chef and his team are used to offering a high quality of catering for a wide range of groups.

Lunch and dinner would normally feature a set-menu of 3 courses although please consult us if you would like to include additional elements to make the meals a little more special or maybe try some of the local specialities such as fondue, tartiflette or diots.

Wine, mineral water and coffees are included with the meals and again there are many choices for upgrading and taking advantage of their impressive wine list should your group require.

The accommodation comprises a mixture of single, double and twin rooms with some triples and family suites also available.

All rooms are spacious, en-suite with generous bathrooms and most rooms have a balcony or terrace access and are decorated to a high quality. All rooms boast beautiful views of the surrounding Aravis Mountains.

To add to the convenience the hotel has its own ski hire facility on site and also gives you a large heated ski locker facility to ensure you have dry, warm boots for the morning. Coupled with the on-piste location you can be out and skiing within minutes, accessing the excellent varied pistes of La Clusaz from your doorstep.

We are confident that you will enjoy your stay at this 3-star Hotel, the facilities and service will exceed your expectations and the view from the terrace is one that you will come to love!

We have used this hotel many times before and have always found the service and location to be ideally suited for groups – offering a fantastic range of team build, reward and corporate ski trips from this base.
